

STN 2019 CONVENTION SPEAKER INTRODUCTION

Volunteer to Speak at STN

The Student Television Network Convention is four high-energy days with 3000 students and teachers all seeking real world experience, education and interaction. STN is an international association of high school broadcast journalism, film and media programs.

YOUR EXPERTISE is valued to enlighten and encourage both teachers and students with state of the art information, trends, knowledge and know-how.

YOUR PASSION is appreciated to motivate a new generation of story tellers from broadcast journalists to film makers to multi-media website designers.

YOUR TIME is appreciated and we think you will not only enjoy the experience but find new energy from your interactions with this unique, creative group.

Speaker Proposals

STN attendees want to be educated and inspired. STN will accept proposals that address various aspects of the industries and businesses our group wishes to pursue. Please refer to last year's professional session topics on our website for ideas and feel free to present something new for our consideration!

STN will provide projector, screen, connections and house sound. Internet is only available on a very limited basis.

Proposals that include a sales pitch for products and services are not popular with our group and will not be accepted. Unfortunately, STN is not able to reimburse speakers for costs associated with the event. However, we will issue full access convention badges covering your registration and invite you to participate in the many events onsite.

Judging

If you are interested in judging one of the many STN onsite contests, please let us know. This experience allows you to see the excellent work created onsite and to offer your comments on its execution and creativity.

Thank you for your support of Student Television Network!
